Louisiana Association for the Blind and Sight Savers America have once again partnered to help children in Caddo and Bossier Parishes who have low vision.

Approximately 13 children will participate in this year's Children's Clinic. Each child will receive life-changing vision assistive technology that helps them read, write, complete homework, groom themselves, and even see their mother's face clearly—things that people with normal vision take for granted.

Children's Clinic made possible by generous grants from

CAROLYN W. and CHARLES T.  
BEAIRD FAMILY FOUNDATION

**The Grayson Foundation, Inc.**

And in partnership with
